

WELCOME TO

# MLGRID.COM

“Turn AI into APIs. Monetize. Combine. Deploy.”

PROBLEM

# WHAT DO WE NEED?

> Developers and businesses struggle to deploy, access, and monetize AI models efficiently. Monetizing a custom-trained model requires massive infrastructure and API exposure.

SOLUTION

# MLGRID IS HERE FOR U

> enables users to upload models, instantly generate APIs, combine models, and monetize—all in one ecosystem.

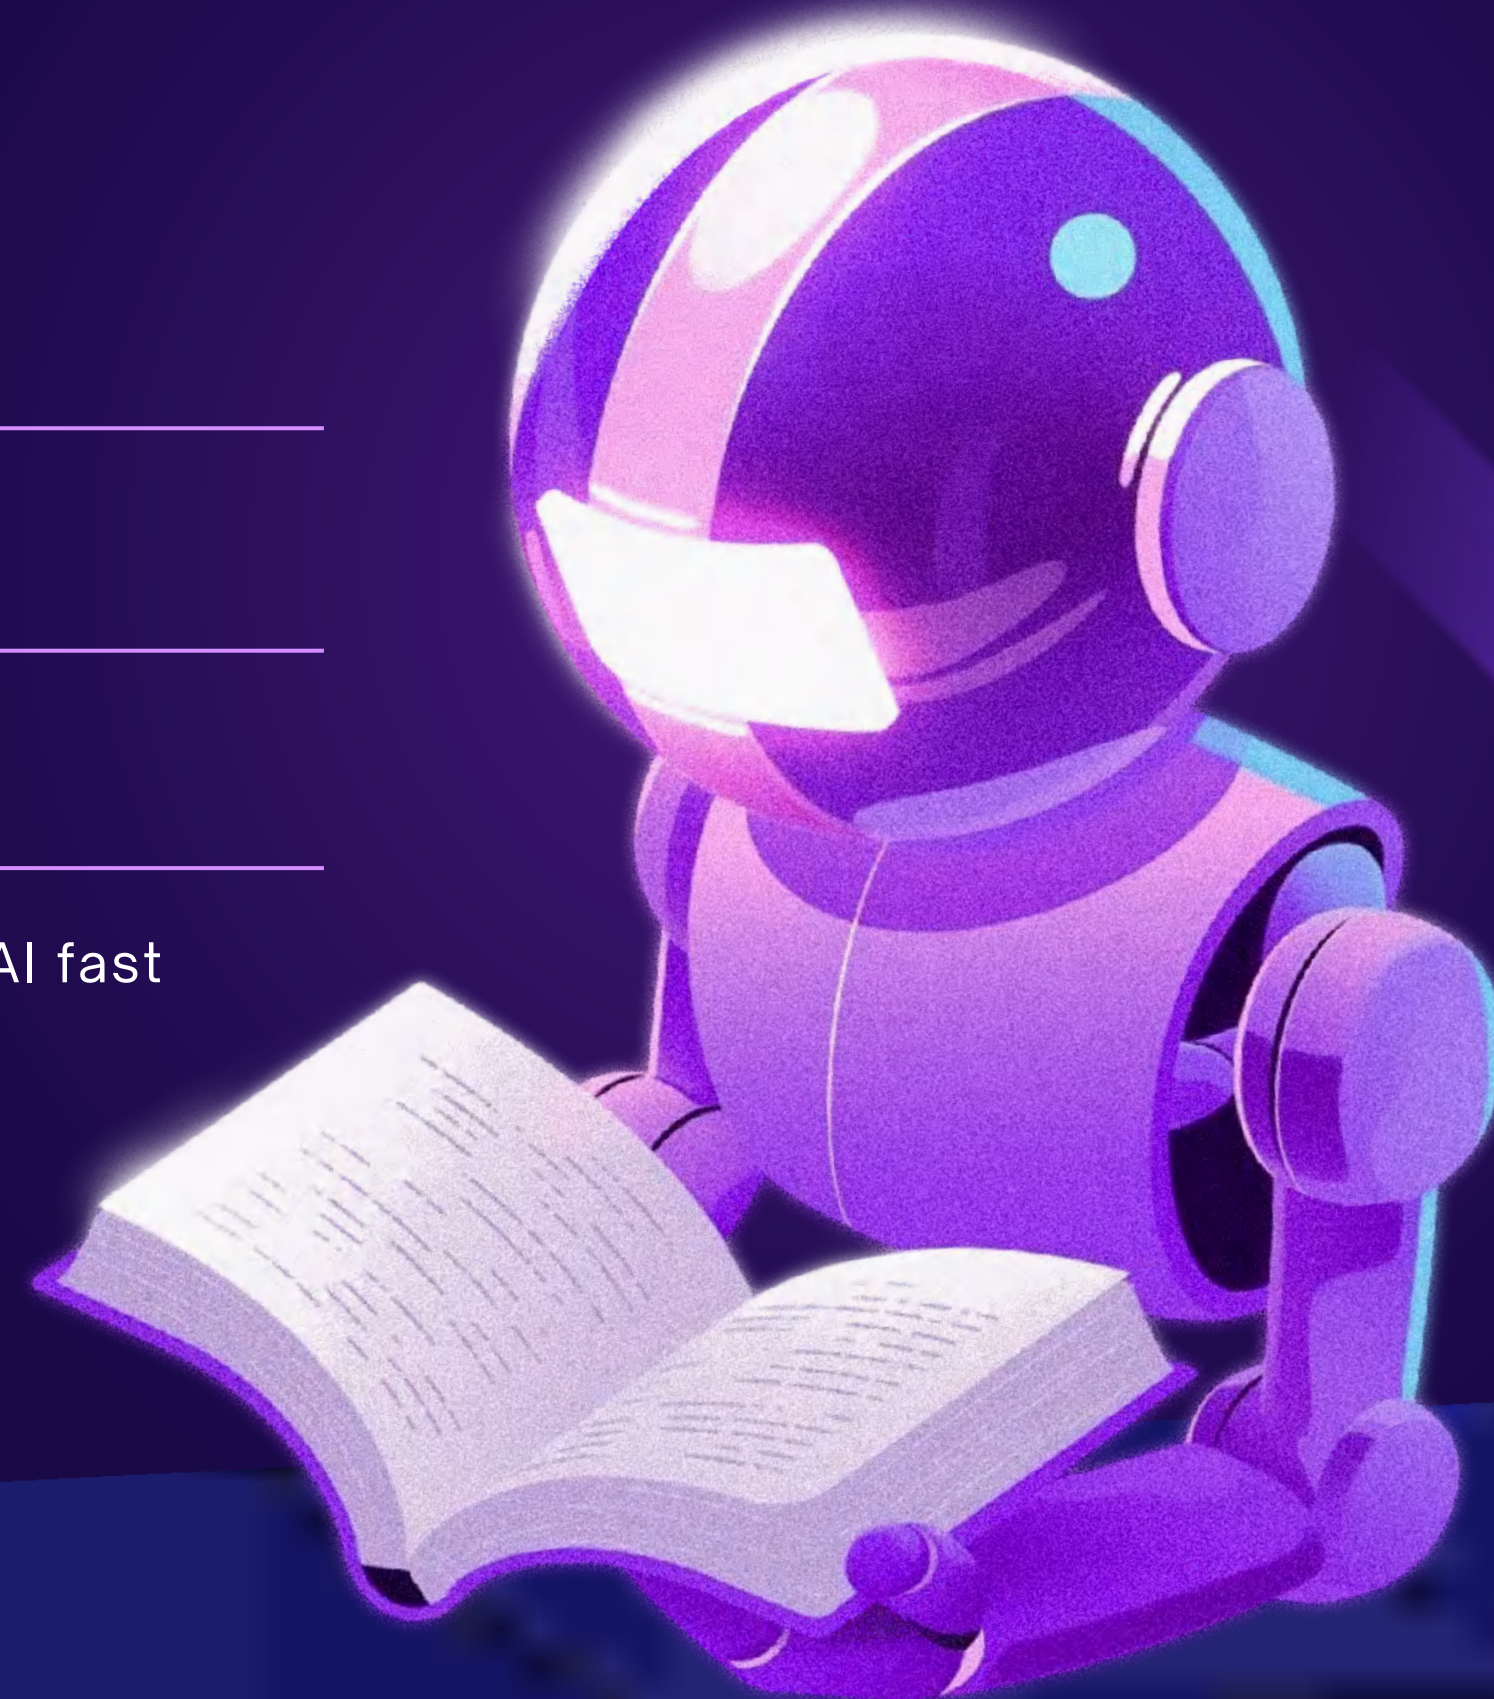

## Platform Features

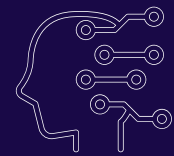

- 1 Upload AI models (TensorFlow, PyTorch, etc.).
- 2 One-click API generation
- 3 Model combination engine
- 4 Dataset marketplace
- 5 Analytics dashboard
- 6 Pay-as-you-go billing

- 
- 1 AI Developers & Engineers
  - 2 Startups & Product Teams
  - 3 Data Scientists
  - 4 Enterprises looking to integrate AI fast

## Business Model

**PAY-AS-YOU-GO PRICING**

**% COMMISSION FROM MONETIZED  
MODELS/DATASETS**

**PREMIUM FEATURES FOR HEAVY  
USERS**

**API USAGE METERING & BILLING**

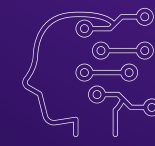

# MARKET OPPORTUNITY

- > AI model deployment & API economy is a multi-billion-dollar opportunity. Growing demand for verticalized AI.

1

Model combination = custom AI on demand

2

Built-in monetization

3

API-first infrastructure

4

Plug-and-play experience

# THANK YOU!

We appreciate your time and attention.
