

*Explore AI today,  
Innovate tomorrow.*

## About Us

RoboAmooz Academy is the first academy for teaching artificial intelligence to children in Iran. RoboAmooz provides a robust platform for educating children and adolescents about modern technology and cutting-edge science. The academy's primary goal is to prepare students for a future where artificial intelligence plays a key role in every profession and even in daily life.

## Why Kids should learn about AI?

Greater readiness to enter various future professions

Enhancing creativity and innovative spirit

Better understanding of technology and modern advancements
